

## Graduate School of Chemistry, Biology and Physics

ENSCBP – Bordeaux INP's engineering programmes (Master's – year 5) are open to students from around the world, through exchange programs such as Erasmus+, Arfitec, Brafitec and Mexfitec. The school is strongly committed to advanced research and industrial partnerships. Bordeaux and the surrounding region provide excellent living conditions: economic vitality, lively cultural scene, historical heritage, beautiful atlantic coastline.

### A Word from the Director

*What is our aim? To train responsible engineers who can create value in a changing world. We offer rigorous scientific and managerial training with an international outlook, a strong research and innovation focus and close ties with industry. When you choose ENSCBP - Bordeaux INP, you are choosing a forward-looking graduate school at the forefront of sustainable development issues and with strong ethical and environmental values. Our training paves the way for success, solid long-term employment prospects and a rich and varied career.*

Fernando Leal-Calderon

### 5 engineering programmes (Master's)

including 3 work-study programmes

A

Food Science and Bioengineering

Food Science and Industriel Engineering **A**

Chemistry and Physical Engineering

Materials Science **A**

Composite Materials and Mechanical Engineering **A**

### & 3 Masters of Science (in English)

Applied Formulation of Polymers and Colloids

Inorganic Materials Design and Processing

Micro & Nanotechnology

# BORDEAUX INP

8 graduate schools\*  
in France

3400\*  
students

(selected through national competitive exam)

12% international students

19\* programs  
including 5 by apprenticeship

240  
faculty members

11 joint  
research centers

140 partnerships  
worldwide

\*Groupe Bordeaux INP  
Nouvelle-Aquitaine

## International

over 50 partnerships

10% graduates work abroad

83% graduates have spent long periods of time abroad

B2: required level of English for graduates

7 foreign languages taught

## Joussot Dubien Award

€10,000 scholarship for a foreign student to enrol  
in an ENSCBP programme

In partnership with  
Ariane Group

arianegroup

## Student life

7 associations - 20 sports and cultural clubs

40 sports offered

> Sports tournaments, fun events and  
activities throughout the year

## Research - Transfer

8 JOINT RESEARCH CENTERS in the  
following fields: Chemistry, Physics,  
Nutrition, Neuroscience, Oenology, Polymers, Soft  
Condensed Matter, Molecular Science, Materials &  
System Integration, Nanotechnologies

61 ACADEMICS AND RESEARCHERS

100 PhDs, POST-DOCS

1 chair in Chemistry and Self-Assemblies

2,630 m<sup>2</sup> DEDICATED TO TECHNOLOGY  
TRANSFER ACTIVITIES

## Industrial partnerships

150 LECTURERS from the INDUSTRY

Network of **OVER 2,000 COMPANIES**

OVER 4000 ALUMNI

## Employment Prospects

200 graduates per year

1 out of 2 employed graduates signs a contract  
before leaving school

1 junior industry

## Dina, 2012 class

*"Living and studying in Santa Barbara was an amazing experience — I attended courses by prestigious professors, took part in traditional American celebrations and met people from around the world. So what are you waiting for to study abroad?"*

Dina is a Moldovan engineering graduate of ENSCBP. After internships in Ireland and Germany, Dina spent one year studying at the University of California. She then went on to complete a PhD in Italy, for which she received a Pierre and Marie Curie scholarship, awarded by the European Commission.
